

CPE **Precertification** **Classes** **Spring 2025**

AAP's Precertification Classes

The Assessors' Association of Pennsylvania, the premiere education organization for CPE license holders in the Commonwealth, will be offering the required Certified Pennsylvania Evaluation (CPE) exam precertification courses in Spring 2025. Successful completion of these four intensive weeks of classes will satisfy the educational requirement for the PA State Board of Certified Real Estate Appraisers, the governing body for CPEs in PA and enable our students to sit for the CPE exam administered through the state.

Students attending these classes will receive a thorough education specifically geared to assessors and covering topics such as Act 28, mass appraisal, Pennsylvania assessment laws, and the three approaches to value.

Our Instructors

Our team of dedicated instructors, all CPE's themselves, with decades of experience are focused on preparing our students to have an appreciation for the assessment profession, working together as a team to meet each student's educational needs, providing the materials and study information appropriate for each topic. including assessment office policies and procedures.

We believe our in-person learning experience allows our students to learn from each other, create lasting professional relationships, and promotes the exchange of information.
